

Winter Storms

www.ready.marines.mil

Chesty is confident that you can match these winter storm terms with their description. Draw a line from the winter term to the correct description. If you get stuck, see if your parent knows the answer.

Winter Storm Watch

Rain that freezes into ice pellets before it reaches the ground.

Winter Weather Advisories

Snow falling and blowing with steady winds of 35 mph or more, creating low visibility.

Winter Storm Warning

The lower temperature your body feels when cold air temperatures combine with wind.

Blizzard

Rain that freezes when it hits the ground.

Wind Chill

Issued when there is a possibility of a blizzard, heavy snow, heavy freezing rain, or heavy sleet.

Sleet

Issued when snow, freezing rain, freezing drizzle, and/or sleet may cause safety hazards.

Freezing Rain

Issued when hazardous winter weather in the form of heavy snow, heavy freezing rain, or heavy sleet is happening or about to happen.
