

Contacting 9-1-1

When an emergency happens, you may need to contact 9-1-1 for help. Write down this important information ahead of time so you can give 9-1-1 public safety telecommunicators information to help.

When there's an emergency at home, I contact 9-1-1 and tell them...

My address *(for example, 123 Maple St, Springfield) *Remember, emergencies can happen anywhere, so it is important to always be aware of where you are.*

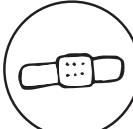

My name *(for example, George Washington)*

The emergency

Who needs help?
Color in you and your family.

 **Me**
 **Mom**
 **Dad**
 **Someone else**

What is wrong?
Here are some examples...
